

EXPLORE

clarify academic & career direction

CAREER ADVISING

Learn how to use your values, skills, personality, and interests to clarify your career goals. Career advising appointments are helpful for folks considering switching majors or who'd like to learn about careers that relate to what they're studying. Call 318-797-5062 to set up a face-to-face or virtual appointment.

WHAT CAN I DO WITH THIS MAJOR?

Investigate common career areas, typical employers, and strategies designed to help you maximize career opportunities. Navigate to the **Student/Alum Career Resources** page on the Career Services website. Look for the **Choose Your Major or Career** section. Then, find a link to **WHAT CAN I DO WITH THIS MAJOR?** under the heading **Researching Your Options**.

PREPARE

polish professional persona

INTERNSHIP & JOB SEARCH

Gain insight into resources and strategies that work best in today's economic climate. During face-to-face or virtual appointments, discuss your career goals and learn about how to uncover opportunities that appeal to you. Call 318-797-5062 to schedule an appointment

WORKSHOPS

Check the LSUS website for the schedule, released each semester. Participate in these hour-long sessions that will help you build confidence and your career readiness skills.

INTERVIEW PREP

Use InterviewPrep to prepare for interviews by recording and reviewing your performance in mock interviews. Look for the link in the Find a Job or Internship section of the Student/Alum Career Resources page.

CAREER SPOTS

Career Spots is a professionally produced video series covering topics related to internship and job searching. Available 24/7, the concise and compelling videos are a good first stop if you have questions and need help getting started.

LAUNCH

connect with employers & uncover leads

CAREER FAIRS

Each semester, employers visit campus to connect with prospective intern and job candidates. Undergraduate students, graduate students, and alumni from all majors are invited to explore opportunities and develop authentic connections with employers and graduate/professional school representatives.

HANDSHAKE

Handshake is the university's centralized job posting site. With this system, our employer partners post part-time work, internships, and full-time positions. Navigate to lsus.joinhandshake.com and enter your LSUS email address to activate your account.

ON-CAMPUS INTERVIEWS (OCIs)

Some employers visit campus to conduct in-person interviews for their internship and full-time opportunities. OCIs run through Handshake; it is the system where you will find the positions and where you can submit your application materials. The platform also enables applicants to select their interview time.

INFORMATION SESSIONS

Meet with organizations face-to-face and virtually to learn more about their organizational culture, the opportunities they are offering, and what your future career could be like.

SOCIAL MEDIA

Follow Career Services on social media to stay up-to-date about positions that are posted with us, events we are hosting, and community opportunities that can help you develop professionally.

All services are free and accessible to current LSUS students and alumni.
