4. LSUS Strategic Plan submission/status

Chancellor Smith thanked everyone for their comments submitted for the LSUS Strategic Plan. He reported the final plan has been submitted to and received by LSU President Tate. Chancellor Smith stated that the hope is it will be approved as distributed.

5. Kemp Forum: January 28

Kim Ramsey shared Kemp Form details and asked everyone to please RSVP. At the Kemp Form, a report on the State of the University and HR-150 will be given.

6. Management of Pilots Pointe Apartments (Demi Brown and Shelby Keith)

Demi Brown stated that Pilots Point is our 400-bed apartment community managed by an outside 3rd party vendor called Rise. We have an opportunity to take over the operations which we believe will enhance our student experience. The tentative timeline to take over is January 2026.

Shelby Keith stated that we will benefit financially from the change to full ownership of all aspects. Personnel will have to be hired to replace Rise employees but by his calculation, we will come out ahead. Adding, the complex has aged since we took ownership in 2020 and is very much a fixer upper.

Devesh Sarda asked if the complex will be open to students from other institutions or will it be exclusive to LSUS. Shelby Keith responded that it will eventually only be available to LSUS students but will maintain a collaboration with LSU Health Sciences Shreveport for their student needs.

Chancellor Smith stated that our enrollment numbers support additional housing needs. Rise is currently handling renovation needs. The renovation process is much easier and quicker with Rise. Demi Brown added that our students will have priority access to the renovated units. He also stated that campus housing is needed for our first-year students.

Chancellor Smith stated when we acquired Pilots Point, we outsourced to Rise because we had no experienced campus housing staff, but this is not the case now. We now have a substantial amount of experience. We want to make sure our students are well served, and we think we can do this. Rise is aware of the potential ending, but we will not make any announcements until further conversations are had with LSU.

Brain Sherman asked if there was an option to keep a unit for visitors to campus. Shelby Keith answered, yes this is in consideration.

Devesh Sarda asked will the renovations be 100% completed when we take over from Rise. Shelby Keith stated that the renovations are a phased process and normally take 4-5 years to process with the state. Adding, that there is a new state process beginning this year that is supposed to be much quicker called deferred maintenance. The deferred maintenance fiscal pot is supposed to grow significantly in fiscal 27 giving more funds for projects such as these.

7. Updates from Cabinet

Shelby Keith gave an update on major projects.

	Sent ORM the scope of work that we believe should be covered by ORM. They are reviewing. If they need to physically revisit that would take place next week. It will take them another week after that to determine if they
	approve our scope. Once that is completed, we will send the scope of work to LSU for approval. Then will go out to
BE Office on 3rd floor due to flood	bid. Hopefully we will go out to bid in March 2025. Should be completed by spring 2026.
	Mike sent scope to LSU for approval. LSU has approved. Now waiting on State Facility Planning & Control (FPNC)
BE Building (other 1/2 roof)	for approval.
BE Building- (MHA Suite- BE390)	Waiting on Construction Approval from LSU.
BE & BH Boiler Projects	Anticipating the final engineering plan in February.
Bridge to Campus/Apartments	Waiting on approval from FPNC. Then LSU will send out for bid. Construction to take about a year.
HPE- Health and Wellness Center	In Priority 5 HB2- Waiting for Funding to move to P1.
Library (Humidity Issue)	Awaiting approval from LSU, then FPNC will need to approve.
UC boilers are working correctly now.	
Parts for HPE boiler should arrive today.	
PPA Only 3 of 4 boilers working. Part for	
the 4th boiler should be here tomorrow.	
Remodeling of 4 units at PPA are underway.	

Mary Lois White asked about the timeline for the BE building project. Katie Baten discussed the Workday process and stated that projects take about 4-6 weeks to get a bid opening.

Cassandra Williams asked about sidewalks for students to get to nearby food establishments. Demi Brown stated that Youree Drive is not safe for a crosswalk.

Erin Smith asked if the boiler maintenance at Pilots Pointe is for heat or hot water. Shelby Keith stated maintenance is only for hot water. Justin Baker added that the apartments have heat. The issue is only with hot water.

Shelby Keith reported on the enrollment comparison of drop for non-payment for AP1 Spring 24/25. He stated that the census date will be more telling but figures are showing we are in step with MBA and MHA numbers are up. He is not concerned from a financial standpoint for this fiscal year or next.
